MILEAGE PROGRAM

The SouthEastern Association of Trailriders wishes to recognize and encourage its members who trail ride their horses consistently. SEAT members may register themselves & their horses for recognition and awards. **The one-time cost for active SEAT members is \$15.** Should you want to track miles separately for each horse if you have multiple horses, then cost is \$15/horse; otherwise miles accumulate per rider on 1 or more horses for initial \$15.

Recognition patches will be given for 100, 250, 500, 1000, 1500, 2000, 2500, 3000, 3500, and one final patch of 5000+ miles. Awards will be presented at monthly meetings as the individual's miles are accrued. Mileage is cumulative from year to year.

Current SEAT members that are new to the mileage program may turn in mileage from up to three months prior to joining. If you have not been a SEAT member for three months you may turn in mileage starting with the day membership began. Previous SEAT members joining the mileage program after more than a one year lapse will be considered a new member and mileage resets to zero.

Email mileage monthly to the mileage coordinator. Include date, location, and amount of mileage for each ride. The miles per hour (mph) have been calculated by hand held GPS devices and have averaged 3 mph for non-gaited horses and 3.5 mph for gaited horses. If you do not have a GPS device you may use these numbers when figuring your monthly totals.
